

## BS EN 13348:2001 Medical Grade Copper Tube

*A range of competitively priced, quality assured copper tubes, fittings and fixtures complying with the latest specifications*

- ◆ Manufactured to BS EN 13348 and BS EN 1057
- ◆ Degreased for medical use and fitted with plastic end caps and polythene wrapping to maintain cleanliness
- ◆ R250 Half Hard for 12–54 mm
- ◆ R290 Hard for 72–156 mm
- ◆ Available in 6 to 159 mm o/dia
- ◆ Standard six metre lengths (other lengths available on request)
- ◆ Full mechanical and chemical, or conformity certification, available on request

Partnership for Life

## Product Summary

Penlon offer a wide range of competitively priced, quality assured copper tubes, complying with the latest specifications, to the engineering and medical markets. Using a dedicated and controlled cleaning facility we take our standard production components and put them through additional cleaning processes,

reducing the hydro-carbon residues down to below one milligram per square decimetre, significantly below that specified for use with oxygen. Strict quality control within all of our processes ensures that the product is of the highest standard.

## Product Features

### Design Features

- ◆ Manufactured to BS EN 13348:2001 (which replaces BS 2871) and BS EN 1057
- ◆ Degreased for medical use and fitted with plastic end caps and wrapped in polythene to maintain cleanliness
- ◆ R250 Half Hard for 12–54 mm pipework
- ◆ R290 Hard for 76–156 mm pipework
- ◆ Available in 6 to 159 mm o/dia
- ◆ Standard six metre lengths (other lengths available on request)
- ◆ Full mechanical and chemical, or conformity certification, available on request
- ◆ All copper capillary fittings are individually bagged and degreased for oxygen use
- ◆ Silver solder, gas tape, bracketry and fixtures also available

### Service and Maintenance

- ◆ 12 month warranty from date of manufacture, excluding components designated as service items to be replaced by the customer as part of the published service schedule
- ◆ Throughout the UK our network of service engineers provides full Service and Maintenance support of the highest quality
- ◆ Outside the UK our fully trained distributors provide a similar local service
